FOR IMMEDIATE RELEASE (March 4, 2015)

Plant Site Logistics, Inc. Earns Recognition as a John Deere “Partner-Level Supplier,” 15 Year Hall of Fame Supplier, and Supplier of the Year

Carlisle, Pennsylvania – Plant Site Logistics, Inc. (PSL) earned multiple recognitions as a Partner-level supplier for 2014 in the John Deere Achieving Excellence Program. PSL was inducted into the 15 Year Supplier Hall of Fame for the Construction & Forestry Division and awarded the honor of Supplier of the Year for Worldwide Logistics. Plant Site Logistics, Inc. is a supplier of transportation logistics services to John Deere’s operation in the United States and worldwide exports.

The Partner-level status is Deere & Company’s highest supplier rating. Hall of Fame status is given after a supplier attains a Partner-level rating for five consecutive years. Plant Site Logistics, Inc., an Iowa based company, was selected for these honors in recognition of its dedication to providing products and services of outstanding quality as well as its commitment to continuous improvement. Company employees Robert Wertz, President, Tara Long, Director of Operations and Compliance and Greg Franke, Logistics Manager, accepted the recognition during formal ceremonies held on March 3rd, 2015 in Bettendorf, Iowa.

Suppliers who participate in the Achieving Excellence program are evaluated annually in several key performance categories, including quality, cost management, delivery, technical support and wavelength, which is a measure of responsiveness. John Deere Supply Management created the program in 1991 to provide a supplier evaluation and feedback process that promotes continuous improvement.

Robert Wertz, President, remarked that “PSL’s commitment to excellence is a concerted team effort put forth by dedicated employees. The core competencies of PSL are safety, quality and innovation.” PSL’s focus on continual improvement is based upon the company mantra that ‘what PSL did yesterday is not satisfactory to support and grow our clients tomorrow.’

Plant Site Logistics, Inc. provides transportation logistics services to manufacturers, retailers and service providers. Utilizing PSL’s open deck transportation experience and understanding customer business needs, PSL develops custom technology and inventory management solutions. Headquartered in Carlisle, Pennsylvania, PSL manages over 240,000 shipments each year providing superior service of Inbound, Outbound, LTL, Truck Load, Rail and Intermodal transportation. PSL has 65 employees, 10 locations and in March 2015 celebrates its 20th year in business.
